Foreword

The revenue collection performance of FBR has been commendable particularly during second half of FY 2022. Despite the challenges of import contraction & removal of Sales Tax on Petroleum products the targets set for third and fourth quarters were achieved by 100 percent and 102.8 percent respectively.

FBR has scaled a new revenue collection benchmark of Rs. 6 trillion. The overall upward revised target of Rs. 6,100 billion for FY 2022 has been achieved by 100.8 percent. In absolute terms the collection during FY 2022 was Rs. 1,403.5 billion higher than the collection of Rs. 4,745 billion during the PFY, recording a highly impressive growth of over 29.6 percent.

Collection under all the taxes recorded positive growth with Customs showing 35 percent, Direct Taxes 32 percent, Sales Tax 27.4 percent and Federal Excise Duty 15.8 percent growth.

The current issue of FBR Biannual Review includes an update on “Point of Sale (POS)” initiative and other Reform Measures. It also includes detailed year-wise historical data tables. Efforts of the team of Directorate General of Revenue Analysis are commendable in bringing out this issue of FBR Biannual Review. Suggestions and comments for improvement of this publication will add value for future.

I. FBR Revenue Collection vis-à-vis Target FY 2022

Despite political turmoil and economic challenges FBR was able to surpass the upward revised targets. In the second half of FY 2022, particularly during the fourth quarter, revenue collection recorded a healthy growth of around 31.3 percent. FY 2022 would be remembered as the year when collection surpassed the Rs. 6 trillion mark for the first time in the history of the country. The upward revised annual target of Rs. 6,100 billion has been surpassed by Rs. 48.5 billion. The annual target of direct taxes and customs duties have been surpassed by 57.9 billion and 50.7 billion respectively (Table 1).

Table 1: Comparison of Annual Head Wise Collection FY 2022 vis-a-vis Target
(Rs. Billion)

Tax Head	Target		Collection	Achievement of Revised Target	
	Original Target	Revised Target		Absolute	%age
Direct Taxes	2,182.0	2,227.0	2,284.9	57.9	102.6
Sales Tax	2,506.0	2,576.0	2,532.2	-43.8	98.3
Federal Excise	356.0	337.0	320.6	-16.4	95.1
Customs Duty	785.0	960.0	1,010.7	50.7	105.3
All Taxes	5,829.0	6,100.0	6,148.5	48.5	100.8

Details of the monthly and biannual revenue targets and collection is provided below (Table 2). Month-wise break-up indicates that the performance in the month of June remained best with a collection of Rs.67 billion higher than the monthly target.

In absolute terms during FY 2022 FBR has collected Rs. 6,148.5 billion against Rs. 4,745.0 billion collected in the PFY, indicating a growth of 29.6 percent. All taxes have recorded a positive and double-digit growth (Table 3). In absolute terms, Rs. 1,403.5 billion has been collected in excess of the amount collected in PFY. Customs duties have exhibited highest growth at 35 percent, followed by direct taxes 32 percent, sales tax 27.4 percent and FED 15.8 percent.

Total	6,148,496	6,100,000	48,496.0	100.8

In the second half, despite challenges like removal of sales tax from POL products and import contraction, all taxes performed well. In absolute terms during second half of FY 2022 FBR has collected Rs. 3,228.8 billion against Rs. 2,541 billion collected in the corresponding period of past financial year, indicating a growth of 27.1 percent. Particularly, direct taxes recorded a growth of more than 40.1 percent, followed by customs duty 29.5 percent, sales tax 17 percent and FED 14.2 percent.

Growth Trends

During FY 2022 the FBR collection recorded a healthy growth. In the second half despite the challenges like local and international geopolitical situation, inflation, disruption of supply chain, decline in import quantities and zero rating of Petroleum products, the growth was more than 27 percent (Table 4). Moreover, performance in the final quarter of FY 2022 has been excellent, recording a growth of 31.3 percent in collection. During first few months of FY 2022, collection grew substantially mainly because of recovery from the Covid-19 in the corresponding months of PFY. Subsequently, the growth rates declined however, during the fourth quarter the trend was reversed and growth rates improved significantly mainly due to collection efforts and a surge in imports.

Graph 1 reflects quarterly growth trends during FY 2022. It is evident from the graph that revenue performance remained outstanding in the final quarter given the fact that the first quarter growth of 39.1 percent was due to a low base of the corresponding first quarter of FY 2021 due to covid-19 lockdowns.

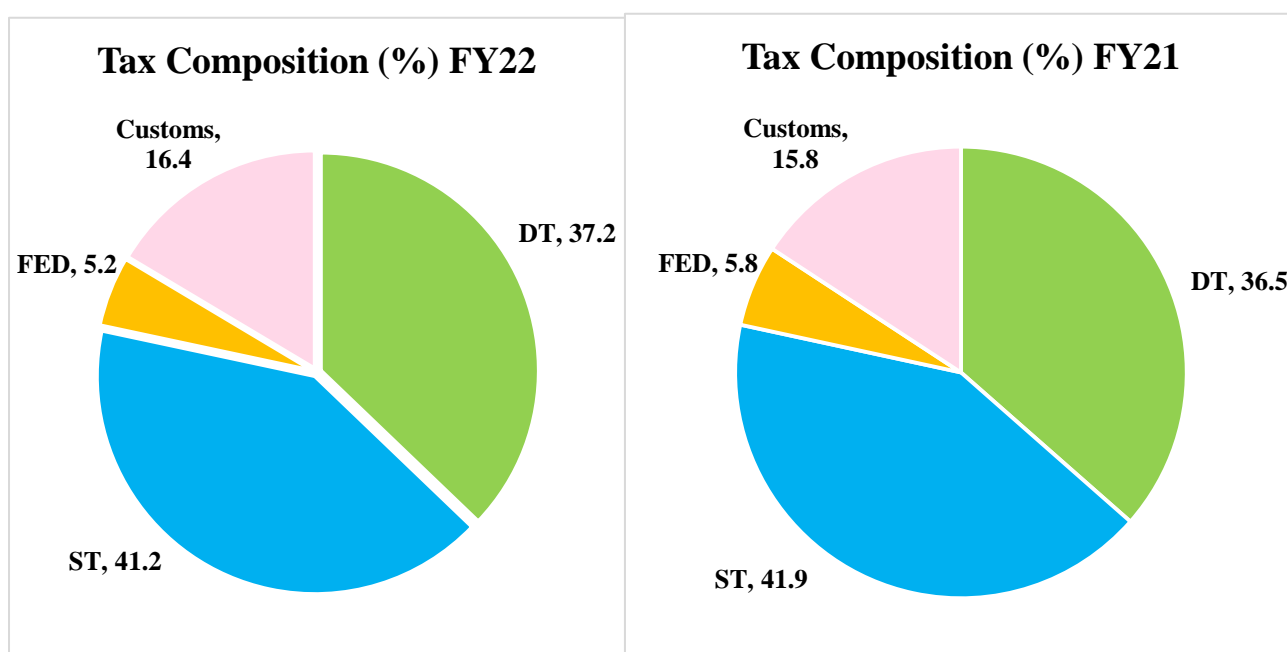

Monthly growth trends during FY 2022: Monthly growth trend has been depicted in Table 4. The higher growth trend during last three months is attributable to the efforts of the field formations in terms of higher collection of current as well as arrear demand.

Table 4: Month-wise Collection FY 2022 Vs. FY 2021

Rs. Million

Months	FY 2022	FY 2021	Growth	
			Abs	%
July	416,072	290,452	125,620	43.2

Quarter-4	1,772,869	1,350,104	422,765	31.3
Half-2	3,228,627	2,540,850	687,777	27.1
Total	6,148,496	4,744,997	1,403,499	29.6

During FY 2022, sales tax remained the top revenue generator with 41.2 percent share, followed by direct taxes with 37.2 percent, customs 16.4 percent and FED 5.2 percent as shown in Graph.

Rebates Refunds

It is the policy of the government to support the business community through expeditious refunds. In line with this policy, the FBR made higher refund payments as compared to PFY. Accordingly, during FY 2022 refunds amounting to Rs. 378.9 billion were paid. The refunds paid were higher by Rs. 52.3 billion or 16.0 percent as compared to PFY (Table 5). During the first half the refunds paid were higher by 5.1 percent than the corresponding period of PFY. In the second half, 24.4 percent higher refunds were paid than the corresponding period of PFY, with this perspective the revenue performance of FBR in the second half is even more commendable.

Table 5: Comparative Position of Refunds/ Rebates Payments

(Rs. Billion)

Tax Head	H1: July-December			H2: January-June			July-June		Growth	
	FY 2022	FY 2021	Growth (%)	FY 2022	FY 2021	Growth (%)	FY 2022	FY 2021	Abs	%

Analysis of Head-wise Revenue Collection: FY 2022

FBR collects four major taxes/duties namely; direct taxes, sales tax, federal excise duty and customs duty or international trade taxes. Performance of the four taxes during the year is presented in the following section.

Direct Taxes:

Direct Taxes have contributed 37.2 percent to the total tax collected during FY 2022. Net collection stood at Rs. 2,284.9 billion reflecting a growth of 32.0 percent over the PFY collection of Rs. 1,731.3 billion. An amount of Rs. 54.2 billion has been paid back as refund to the claimants in FY 2022. The collection of Direct Taxes comprises Income Tax i.e. [Withholding Taxes (WHT), Voluntary Payments (Advance Tax & Payments With Returns), Collection out of Demand (COD)] and Capital Value Tax (CVT) etc.

Disaggregate Analysis of Direct Taxes Components

Collection out of Demand (CoD): Significant efforts were made to enhance the collection from CoD. During FY 2022, overall collection from CoD stood at Rs.101.1 billion against

Rs. 80.1 billion collected in PFY showing a growth of 26.1 percent (Table 6). Recovery from arrear demand has shown a substantial growth of around 54 percent, whereas current demand increased by 15.2 percent. After a negative trend in first half of FY 2022 the collection from both heads i.e. arrear and current, substantially improved in the second half, which reflects excellent efforts by the field formations.

Table 6: Collection out of Demand

(Rs. Million)

Tax Head	H1: July-December			H2: January-June			July-June		Growth	
	FY 2022	FY 2021	Growth (%)	FY 2022	FY 2021	Growth (%)	FY 2022	FY 2021	Abs	%
Arrear	12,964	19,058	-32.0	22,276	3,896	471.8	35,249	22,953	12,295	53.6
Current	7,289	19,382	-62.4	58,566	37,807	54.9	65,855	57,189	8,667	15.2
Total	20,253	38,440	-47.3	80,842	41,702	93.9	101,096	80,142	20,954	26.1

Advance Tax / Payments with Returns: This component includes payment made with returns and advance income tax collection. An amount of Rs. 665.4 billion has been collected during FY 2022 as compared to Rs 465.8 billion in the FY 2021 under this head. Major contribution has come from Advance Tax collection with Rs 586.9 billion against Rs. 411.7 billion in FY 2021, registering a growth of 42.5 percent (Table 7). Under the head payments with returns, Rs. 78.5 billion has been collected during FY 2022 against Rs. 54.1 billion in FY 2021, showing a growth of 45.2 percent. During the first half of FY 2022 pace of growth in collection from voluntary payments remained slow i.e. 21.5 percent, however, collection in the second half grew by 69 percent.

Table 7: Advance Tax / Payments with Returns**(Rs. Million)**

Tax Head	H1: July-December			H2: January-June			July-June		Growth

Withholding Taxes (WHT): Withholding Tax Regime is a global phenomenon and also a source of revenue for government. Withholding taxes are not only a source of revenue but also helpful in broadening the tax base with effective use of IT and automation. In this regard, FBR has launched the Maloomat TaxRay application to facilitate the taxpayers by using withholding taxes data. Taxpayers can get the information about their assets and withholding deductions through Maloomat TaxRay. To bring further efficiency in the system, an organization to monitor and manage the system of Withholding Tax Regime, the Directorate General of Withholding Taxes, was created through Finance Act of 2008. During last few years the focus has been to reduce withholding taxes. High number of withholding provisions adds to complexity and creates undue burden of compliance on different withholding agents. In an effort, to augment ease of business and simplifying the tax laws numerous sections of Income Tax Ordinance 2001 like; 153B, 231A, 231AA, 236P, 236Y, 236B, 236L, 236V, 233A have already been omitted.

The WHT collection during FY 2022 stood at Rs. 1,534.4 billion against Rs. 1,237.3 billion in the PFY, indicating a growth of 24.0 percent (Table 8). With the exception of WHT on technical fee all other major items recorded positive growth. WHT from exports recorded the highest growth of around 54 percent in collection, followed by electricity, immovable property and dividends with 39.3 percent, 31.9 percent and 30.6 percent respectively. The WHT collection improved significantly as compared to the collection in first half of FY 2022.

The growth in WHT collection was 16.8 percent in the first half which increased to 30.1 percent in the second half of FY 2022.

Table 8: Collection from Major Revenue Spinners of Withholding Taxes

Total WHT		1,534,365	1,237,338	297,027	24.0
Share of top 10 in Total WHT		89.0	88.0		

Sales Tax:

Sales tax remains the top revenue generating source of FBR contributing about 41 percent share in total collection. Sales tax recorded a growth of 27.4 percent during FY 2022. In absolute terms Rs. 2,532.2 billion has been collected which is Rs. 534.9 billion higher than the amount collected in PFY (Table 9). Despite substantial increase in absolute terms the target of sales tax has been met to the extent of around 98 percent which could be attributed to the high growth in payment of refunds whereby about Rs. 80 billion were paid over and above the amount of Sales Tax refunds paid during the PFY. In the first half pace of growth was around 40 percent. However, in the second half removal of sales tax on POL products, a

major contributor, had impacted sales tax collection considerably and growth reduced to 17 percent.

Table 9: Collection of Sales Tax

(Rs. Billion)

Tax Head	H1: July-December			H2: January-June			July-June		Growth	
	FY 2022	FY 2021	Growth (%)	FY 2022	FY 2021	Growth (%)	FY 2022	FY 2021	Abs	%
Sales Tax Imports	892.3	490.3	82.0	848.4	625.6	35.6	1,740.7	1,115.9	624.8	56.0
Sales Tax Domestic	382.7	423.8	-9.7	408.8	448.6	-8.9	791.5	872.4	-80.9	-9.3
Sales Tax (Total)	1,275.0	914.2	39.5	1,257.2	1,074.1	17.0	2,532.2	1,988.3	543.9	27.4

Sales Tax Domestic Collection:

The net collection of Sales Tax Domestic (STD) was Rs. 791.5 billion against Rs. 872.4 billion in the PFY, i.e. a decline of 9.3 percent. In absolute terms Rs. 80.9 billion lesser revenues have been collected in FY 2022 as compared to PFY mainly due to zero rating of petroleum products. However, it is worth mentioning that during first half the growth was (-) 9.7 percent, though it remained negative in second half as well, but improved slightly and stood at (-) 8.9 percent.

Major Heads of Sales Tax Domestic: A major chunk of around 48 percent of sales tax domestic collection comes from ten sectors including petroleum products, electrical energy, sugar, cement, natural gas, cigarettes, aerated water/beverages, etc. (Table 10). After reduction of rates, the share of POL products, the top revenue generating source during PFY with 21.7 percent share, has declined in the CFY to 9.9 percent. The electrical energy is another major contributor with around 14 percent share in the CFY increased from 12.1 percent in the PFY. The collection from electrical energy grew by 14.1 percent, sugar by 13.3 percent, natural gas by 40.4 percent, electronics by 20.5 percent. However, negative growth was recorded by POL products at 54.4 percent and motor cars by 74.7 percent mainly due to reduction of sales tax rates and cement sector at 3.6% due to reduction in sales during FY 2022.

Table 10: Major Revenue Spinners (Sales Tax Domestic)*(Rs Million)*

Sales Tax Collection at Import Stage:

Sales tax on imports is an important component of federal tax receipts. The net collection of STM during FY 2022 stood at Rs. 1,740.7 billion against Rs. 1,115.9 billion in FY 2021, registering a growth of 56.0 percent. During first half a substantial growth of 82 percent was recorded, but in the second half the growth trend couldn't be maintained and stood at around 36 percent, mainly because of zero rating of sales tax on POL products implemented during the second half of FY 2022.

Major Heads of Sales Tax at Import Stage: Top 10 commodities of sales tax import have contributed a major share, i.e. 75.6 percent in STM collection (Table 11). Data indicates that about 54 percent of STM is contributed by POL products (Ch:27), iron and steel (Ch:72),

vehicles (Ch:87), machinery (Ch:84) and edible oil (Ch:15). Petroleum is the leading source of sales tax collection at import stage. Its share in total sales tax imports is 26.4 percent. During FY 2022 collection from POL products was around Rs. 459 billion against Rs. 255.7 billion during FY 2021 reflecting a growth of around 80 percent. This increase is attributed to increase in global prices. A comparison of major items during first and second half indicates that growth in first half remained 82 percent, whereas in the second half it was around 42 percent.

Table 11: Major Revenue Spinners (Sales Tax Imports)

(Rs. Million)

Ch.	Commodities	Collection			Share (%)	
		FY 2022	FY 2021	Growth (%)	FY 2022	FY 2021

The base of STM collection is the import value. In this regard, a look at the import value of major items and overall growth in FY 2022 indicates that the collection is well aligned with

the growth trend witnessed in the imports (Table 12). Total import value increased by around 59 percent and collection of sales tax at import stage grew by 56 percent.

Table 12: Growth (%) Comparison: Import Value Vs Collection FY 2022

Others		46.3	70.9
Aggregate		58.8	56.0

Customs Duty

Customs duty constitutes around 16 percent of FBR revenue collection. Customs duties performed very well during FY 2022 with 35 percent growth attained in net collection as compared to PFY. The net collection during FY 2022 stood at Rs. 1,010.7 billion, which is Rs. 262.3 billion higher than the amount collected in PFY. It is worth mentioning that customs duties have crossed the 1 trillion mark in FY 2022. Like other import taxes the growth trend declined in second half. Customs duty recorded a growth of 42 percent during

the first half, but in the second half the growth was limited to 29.5 percent. Similar pattern is witnessed in the major items of customs duty during first and second half.

It is evident from Table 13 that around 71 percent of customs duty collection has been contributed by 10 major sectors. Out of these sectors, only the collection on account of electrical machinery recorded a negative growth. Collection from POL products increased by 172.2 percent, vehicles by 73.4 percent, paper & paperboard by 28.7 percent.

Table 13: Major Revenue Spinners of Customs Duties

(Rs. Million)

Ch.	Description	Collection			Share (%)	
		FY 2022	FY 2021	Growth (%)	FY 2022	FY 2021

The collection base of the customs revenues is provided by dutiable imports. In this context, collection of customs duty on major items, to a great extent remained commensurate with growth in the value of dutiable imports (Table 14). As a whole, dutiable imports grew by 56 percent and accordingly the customs duty increased by around 34 percent.

Table 14: Growth (%) Comparison: Dutiable Import Value Vs CD Collection FY 2022

	Others	4.7	-7.9
	Overall	56.2	33.9

Federal Excise Duty (FED)

Net collection from FED increased by 15.8 percent during FY 2022. In absolute terms this increase translates into Rs. 43.7 billion additional FED collected as compared to PFY. Share of FED in total FBR collection is 5.2 percent. During first half of FY 2022, FED collection grew by around 18 percent, but in the second half it remained 14.2 percent mainly due to

slower growth in major sectors like cigarettes, cement, aerated water, POL products etc. (Table 15).

Table 15: Collection Major Revenue Spinners of FED

(Rs. in Million)

Sr.	Tax Head	H1:July-Decemebr			H2:January-June

However, in the overall scenario during FY 2022, among the major sectors Cement, POL products, Natural gas and LPG grew negatively (Table 16).

Table 16: Major Revenue Spinners of FED

(Rs. Million)

Sr.	Commodities	FY 2022	FY 2021	Growth (%)
1	Cigarettes	117,240	107,330	9.2
2	Cement	73,470	74,416	-1.3
3	Beverages and Concentrates	22,931	18,537	23.7
4	Aerated Waters/Beverages	13,795	11,455	20.4

Refunds		0	0	
Net		320,658	277,046	15.7

Increase in cigarettes is attributable to increase in FED rates and increase in beverages/concentrates is mainly a result of inflation. The over 100 percent increase of FED collection from air travel is the Post Covid positive impact on air travel during FY 2022 due to easing down of travel restrictions.

The share of top sectors is about 91 percent, as evident from Table 17. Cigarette is the top contributor with 36.6 percent share, followed by cement with 22.9 percent and concentrates 7.2 percent share.

Table 17: Share of Major Revenue Spinners of FED

Commodities	Share %	
	FY 2022	FY 2021
Cigarettes	36.6	38.7
Cement	22.9	26.9
Beverages and Concentrates	7.2	6.7
Aerated Waters/Beverages	4.3	4.1
Motor Cars	6.1	5.5
POL Products	2.7	3.4
Inland Travel by Air	5.2	2.6
Travel by Air	2.8	1.5
Natural Gas	0.7	0.9
Liquified Petroleum Gas(LPG)	0.3	0.4
Sub-total	88.8	90.8
Others	11.2	9.2

Revenue Target FY 2023

Revenue target for FY 2023 has been fixed at Rs. 7,470.0 billion which demands growth of 21.5 percent over the collection of Rs. 6,148.5 billion made during FY 2022 (Table 18). In absolute terms, around Rs. 1,322 billion additional revenues are to be collected by FBR in FY 2023 to meet the target.

Table 18: Revenue Target FY 2023

(Rs. Billion)		
Revenue Target FY 2023	Collection FY 2022	Required Growth (%)
7,470	6,148.5	21.5

The target for FY 2023 is challenging given the fact that government is focusing on controlling the current account deficit and rising inflation which would result in import contraction and slowdown in the overall GDP growth. Nonetheless, FBR is confident that its team has the ability and the resolve to accomplish this gigantic task as an upward revised target has already been achieved for the financial year ended on 30-6-2022. To achieve the target several efforts are being made at policy as well as operational levels. There is focus on enhanced use of technology and a policy shift towards taxing the high-income groups through direct taxation such as the imposition of Super Tax, Poverty Alleviation Tax, revision of individual tax slabs including salaried class, increase in FED on international air travel, increased tax on luxury motor vehicles etc.

Keeping in view the past performance of FBR and the revenue measures taken during the current budget there are high hopes of achieving the tax target of Rs.7.47 trillion for FY 2023.

Chapter-II

POINT OF SALES (POS) INVOICING SYSTEM: AN UPDATE

1. Introduction

FBR had launched Point of Sales (POS) Invoicing System in 2019. Point of Sale refers to the location where a retail transaction, either sale or purchase, is carried out. POS system, is basically a computerized system that records sales data, manages inventory and maintains customer data. It is a real-time sales documentation system that links the electronic systems at the outlets of all tier-1 retailers with the FBR via the internet. The scheme was initially launched for textile and leather retailers but now the same has been made mandatory for all tier-1 retailers with effect from 15th December, 2019. In this regard, FBR has embarked on a plan to integrate all sales outlets of tier-1 retailers with FBR's central computerized system. The field offices have been directed to undertake surveys in their respective jurisdictions in order to integrate all tier-1 retailers. The system shall ensure that all sales are reported in real-time to FBR and are duly accounted for in monthly sales tax returns of such retailers.

Accordingly, the Sales Tax Rules 2006 were amended to make the installation of POS Invoicing System in Pakistan. Under POS Integration regime it has been made mandatory for all shopping malls, supermarkets, brand outlets, chain stores, hotels, cafes, restaurants and snack bars to install the POS invoicing app falling under tier-1 retailers' category. The app connects the cash machine with the FBR through Electronic Device System and provides a concurrent report of sales and tax payments. This system allows big retailers to report their sales in real-time for taxation purposes. So far **4,651** retailers have been integrated with POS system of FBR.

2. Overview of POS Invoicing System

POS system is a cloud-based system, would need a computer, an internet connection and a software downloaded from Pakistan Revenue Automation Private Limited (PRAL). FBR has allowed 42 vendors, for the provision of POS software services to retailers. The retailers have option to choose any of these 42 vendors to take services of POS software integration.

However, in order to regulate the IT Service providers rules have been issued vide SRO 1063 (B)/2021 whereby IT Service providers are to abide by certain procedures.

The retailers may not have to purchase new machines as they can simply download the invoicing app on their existing systems in a manner prescribed by the board. Once the POS Invoicing System is downloaded, a QR code or a barcode gets printed on every receipt generated by the point of sale system following each sale. Meanwhile, the invoice data is uploaded on the FBR's servers automatically on a regular basis. The name of customer is required to be recorded when invoice value is above Rs.100,000. Moreover, FBR has also directed to the retailers to charge "POS Service Fee" @ Rs.1/ per invoice. The POS service fee collected by the retailers shall be deposited along with monthly sales tax return.

3. Criteria for Retailers to be Included in Tier-1 Category:

- Retailers who operate as a franchise or a branch of a domestic or foreign outlet/chain of stores
- Those who operate in air-conditioned shopping malls (excluding kiosks)
- Retailers whose aggregate electricity bill during the last one year exceeded PKR 600,000
- Wholesalers or retailers who import goods in bulk and then supply the retailers on a wholesale basis and to general consumers on a retail basis
- Those whose stores are equal to or exceed the area size of 1000 square feet

4. Benefits of POS

This system, with effective enforcement can bring a huge positive change leading towards transparency in sales tax revenue payments and receipts and documentation. This system on the one hand will help reducing the periodic inspections by FBR and on the other will help the retailers to prepare their sales tax returns easily. The system shall ensure that all sales are reported in real-time to FBR and are duly accounted for in monthly sales tax returns of such retailers.

It enables the customer to verify if the sales tax paid has reached the FBR or not immediately after the transaction. This would be possible by installing the FBR's Tax Asaan App on smartphone, and then going to the 'Online Verification System' service. Then go to POS Invoice and scan the QR code printed on the invoice for confirmation.

A sector-wise summary is presented in the table below. Overall compliance level is satisfactory as far as the integration is concerned. Leather and textile category is on top with around 97% compliance.

Sector Wise Summary

Sr.	Sector	Retailer	POS	Integrated	Not Integrated	Compliance Ratio (%)
1	Leather Textile	203	452	196	7	96.6
2	Restaurants (ICT)	173	305	156	17	90.2
3	Tier-1 Retailers	4,426	9,555	4,201	225	94.9

Source: DG POS, FBR

RTO-wise break-up of POS integration has also been presented in the following table. The compliance level in most of the RTOs/CTOs/LTOs is more than 90 percent. However, there is a lower compliance in LTO Lahore and RTO Quetta.

Tax Office Wise Summary: FY 2021-22

Chapter-III

FBR REFORMS MEASURES UPDATE

Government of Pakistan has taken a number of initiatives to reform the country's primary revenue organization to promote taxpayer friendly culture, improve tax compliance and increase tax to GDP ratio. These reform measures have gradually started paying dividends, showing significant improvements in the tax collection. The policy and administrative reform measures introduced in recent times are discussed below.

ENFORCEMENT AND POLICY MEASURES

[Medium Term Framework for Revenue Mobilization]

1. **Expeditious disposal of refund claims:** FASTER (Fully Automated Sales Tax e-Refund) has been initiated.
2. **Increase in the ratio of direct taxes:** All out efforts are being made to increase the share of direct taxes in revenues. Documentation of economy to increase the taxation in services, real estate and wholesale and retail is top priority.
3. **Invoking technology for revenue mobilization:** Installation of Track and Trace system, Point of Sale integration of retailers with FBR's computerized system, e-audit, e-appeals are at various stages of implementation and would be fully operational in medium term.
4. **Efficient management of tax litigation:** In order to reduce litigation, FBR is encouraging alternate dispute resolution mechanism, agreed assessment in appropriate cases and out of turn hearing by appellate fora in cases involving higher amount of revenues.

EFFORTS UNDERTAKEN TO BOOST COLLECTION:

MEASURES TAKEN BY INLAND REVENUE AUTHORITIES:

1. **Income Tax Return Filing:** Number of income tax return filers for TY 2021 has crossed 3.65 million.

2. **Point of Sales (POS) Integration of Tier-1 retailers:** FBR has embarked on a plan to integrate all sales outlets of tier-1 retailers with FBR's central computerized system.
3. **Track & Trace System:** FBR has decided to implement Track and Trace System for specified goods/ products i.e. Tobacco, Cement, Sugar, Fertilizer and Beverages imported into or manufactured in Pakistan.
4. **Assessment & Processing (A&P) Units:** Sectorial analysis of huge business concerns has been conducted across the country by Assessment & Processing Units in all field formations of IRS. Sectors like cement, sugar, cotton and tobacco remained under focus.
5. **Investigation & Prosecution (I&P) Units:** Legal actions (attachment of properties, arrests and seizures) has been made against huge tax-defaulters to create deterrence against tax-evaders.

MEASURES TAKEN BY CUSTOMS AUTHORITIES:

Pakistan Customs is the guardian of Pakistan's economic frontiers, facilitating bonafide trade & Industry on the one hand while guarding against movement of contra band goods on the other. It provides a major source of revenue to the Government of Pakistan in the form of import duties & taxes levied on the goods traded across the borders. It also helps to protect the domestic industry, maintain food & energy security and promotes economic development of the country. Following initiatives were taken by the Customs Administration during the FY 2022:

1. **Ease of Doing Business** Indicators relating "Trading Across Border" improved by 31 ranks from 142 to 111 in 2021, which is an "unprecedented improvement" for international trade.
2. **Automated Duty Drawback Payment System:** In order to facilitate the exporters, the manual rebate approval system has been replaced with RMS based, fully automated / system-based processing of duty drawback payment without involving any human intervention. Under the automated system, the exports Good Declaration is termed as Rebate request.

3. **Pakistan Single Window** Act, 2021 enacted and its rules notified and expected to be roll-out in the coming months. Pakistan Single Window aims at reducing the time and cost of doing business by digitizing Pakistan's cross border trade and eliminating paper based process.
4. **WeBOC** which is fully automated customs clearance has now been implemented at all sea-ports, dry-ports and land border stations, which includes paperless processing and online payments for traders wherein levy-able duty and taxes on import of goods are paid through digital banking.
5. **Risk Management System** is part of WeBOC clearance which is continuously upgraded from time to time.
6. **Enhancing Regional Connectivity of Pakistan with Central Asian Republics** through signing of agreement, simplification of Transit Procedures and Automated Clearance. Pak-Uzbekistan Transit Agreement was finalized and its operationalization was initiated its operationalization was initiated deliberations have been started.
7. **Focused Administrative / Effort for Revenue Mobilization** including action against under invoicing through better valuation, auctions, recoveries, etc. have resulted in generation of Rs. 25 billion in FY 2022.
8. **First Ever Counter Smuggling Policy Laid out** with collaborative arrangements with other Federal & Provincial law enforcement agencies, which is an excellent example of interagency co-operation & support.
9. **Highest Ever Seizures of smuggled goods & contraband made** (FY 2022: Rs. 66 billion).
10. **Countrywide Operation against Illegal POL outlets** (sealing of more than 1600 illegal outlets / Petrol Pumps with criminal proceedings against owners), through which, legitimate imports of POL products saw sharp surge as compared to previous financial year.

MEASURES TAKEN BY AUDIT:

Audit & Accounting Wing of FBR has been entrusted with the task of designing audit policy as an audit compliance program on yearly basis. This current year following initiatives have been taken by the Audit & Accounting Wing:

1. **Audit Policy, 2020:** The Audit Policy, 2020 for Tax Year 2019 is under process in view of the experience obtained from the past audit policies. In addition to that, the wing also monitors audit activities carried out in the field formation throughout the year.
2. **DLI 6, PRRP:** This year, under DLI 6 of Pakistan Raises Revenue Program, FBR has conducted and completed 67 cases of comprehensive field audits of large taxpayers selected through the Audit Policy, 2019 for Tax year 2018 by the risk-based selection tool and monitored by the Compliance Unit through AMIS with associated reports submitted to FBR management which has been duly verified by the World Bank.
3. **Software Solutions:** Software solution is introduced to provide continuous monitoring of the audit cases with sufficient documentation and assistance to the auditors.

MEASURES TAKEN BY LEGAL WING:

1. Introduced e-Filing of Appeals at the first appellate forum of Commissioner Inland Revenue (Appeals)
2. Got Rules of Business, 1973 amended to the effect to allow fully autonomy to FBR in making decision about:
 - Payment of fee, special as well as normal without requiring approval from Law & Justice Division
 - Placement of Legal Counsels / Advocates on FBR Panel without requiring approval from Law & Justice Division
 - Engaging any Legal / Advocate from outside the FBR Panel without requiring approval from Law & Justice Division
 - Complete independence in handling litigation matters without requiring approval from Law & Justice Division
3. Enhance number of CIR (A) from 23 (BS-20) officers to 34 (BS-20) officers / CIR (A) across the country
4. Annual disposal of Appeals at National level grew from 22095 Appeals (tax year 2019) to 40058 Appeals (tax year 2022) registering a growth of 81.29 percent

5. Introduced first ever “Policy for appointment of Panel Advocates” with introduction of ‘Score Card’ to ensure transparency and merit-based selection. Policy is duly approved by Board-in-Council (BIC) and okayed by Supreme Court in Prudential Bank’s case
6. Introduced first ever “Policy for delisting Legal Counsels / Advocates” from FBR’s Panel. Policy is duly approved by the BIC
7. Enhanced Financial Powers of CCsIR for granting Special Fee to the Legal Counsel from Rs. 200,000 to Rs. 500,000 to ensure timely, proper representation before the Courts
8. Constituted Regional Focal Teams to interact with and assist Courts, registrars of High Courts and Attorney General offices
9. Separate officers / staff of CIR (A) office, approved by Establishment Division, pending with Finance Division. Separate staff officers for CIR (A) office will ensure independence of CIR (A), besides adding to their efficiency
